Objective/Profile:

I want to take the next step in my career and I think this is the right opportunity.
Thanks to my years of experience and thanks to the different groups of colleagues with whom I have worked I have the ability to work as a team and solve problems. I also feel comfortable speaking in front of a group of people.
My experience in wind farms has me to face different problems with different groups of people.
I have experience working with epoxy and polyester resins and in category 3 and 4 repairs, I also have experience working with vacuum pumps and LEP
I'm an effective and responsible team worker.
I'm looking for the opportunity to continue learning and growing as a professional.
