Interests

Trail running , Blike, Boxing
,
I have taken part in several
major international trail
running races.

Samir Nadri

Rope Access Technician CQP 1

I've been a rope access technician in the offshore wind energy sector for two years.
I have been able to acquire multiple skills within the BOP TEAM and the LV TEAM.
I've taken training courses that allow me to inspect steel structures and carry out visual inspections, I can inspect and recertify anchors, fire extinguishers, srl, lifts and hoists. I have installed sensors and roxtek, fibre optics and earth cables.
I would like to take my IRATA exam to be able to work internationally
