PROFESSIONAL SUMMARY

As a mechanical technician with diverse background, including industrial painting and fire safety, I have extensive practical experience ranging from technical inspections as a Level 1 Climber to supervising rescue teams as a Level 3 Rescue Supervisor. My career is characterized by adaptability and a strong commitment to safety and operational efficiency. I am currently seeking to expand my skills and apply my multifaceted experience as an IRATA Level 3 and blade repairer, where I can significantly contribute to the maintenance and repair of fiberglass structures, optimizing performance and ensuring equipment integrity. My goal is to continue growing professionally leading with excellence and innovating in industrial safety and maintenance practices.
