I am a motivated, resilient and self-reliant individual with a good, honest attitude and sound communication skills. I work well as part of a team, but equally can work alone unsupervised utilizing my initiative to complete tasks. I enjoy challenging and rewarding tasks, which has been evident in all aspects of my working life. I have a methodical approach to work, relating and communicating well to people at all levels, encouraging teamwork and ensuring that deadlines are achieved. I am a very performance driven dynamic individual who is always willing to learn and adapt to new roles and uptake any training necessary to ensure the best for myself and clients. I have developed on-site experience working on extensive projects on demanding sites within challenging, fast moving and hazardous environments. I am able to work autonomously and confidently, with an in-depth range of industry experience and knowledge and a proven track record of delivering high profile assignments on time. I am now looking for a new challenge to bring my discipline, individual drive, commitment, and a first-class can-do attitude to delivering all work scopes safely and on time with a company that values passion, positivity, integrity and hard work.

KEY SKILLS

- Building and embedding a positive safety culture
- Teamwork and leadership
- Problem solving and troubleshooting
- Supervisory skills
- Adaptability
- Ability to read and follow task risk assessments and method statements
- Confined space and rescue
- Working at height
- Offshore wind and oil & gas experience.

EDUCATION & CREDENTIALS

- GWO BST 5 Modules
- GWO Blade Repair
- GWO Enhanced First Aid
- GWO Slinger Signaller
- OPITO Blaster Sprayer

- Orsted Trained Person
- SSE Cat 1A Trained Competent Person
- Siemens Full SGTT Classroom & e-learning
- Siemens TMSE
- GWO Basic Technical Training
- OGUK Medical, Fit to Train & Chester step
- IRATA Rope Access Level 3
- OPITO FOET & CA-EBS
- OPITO MIST
- Norwegian Escape Chute
- Bi-Deltoid measurement
- CSCS
- High risk confined space entry and rescue
- CCNSG Safety passport
- OCR Level 2 English, Maths, IT (A* to C equivalent GCSE)
