### Profile

I am an extremely hardworking individual, with proven leadership skills and lots of ambition. I am excited to begin a new career in the oil & gas industry with rope access work and blaster/sprayer. I can work effectively on my own or as a respected member within a team. I react calmly under pressure and excel when diffusing potential difficult situations. My ability to follow instructions accurately is impeccable, and every task undertaken is confidently performed to my full potential. I take pride in my work, fully committed and disciplined in all aspects of my job. Able to work safely in high pressure and demanding situations both as an individual or when working as part of a team. I always ensure health and safety requirements are met, working at a high standard, completing all work scopes to a professional level. I am now looking for a new challenge to bring my discipline, individual drive, commitment, and a first class can-do attitude to delivering all work scopes safely and on time with a company that values passion, positivity, integrity and hard work.
