

ROPE ACCESS SUPERVISOR & TRAINER

I am considered a resourceful **problem solver** who comes out with creative solutions to implement continuous improvement. In both, my professional and personal life, I have been consistently praised as **proactive** and a **natural team leader** by my managers and peers. During these years I have proven my flexibility to support a global and fast pace environment. I love facing new challenges, both personally and professionally, leading groups and assuming responsibilities. Passionate about continuous improvement, nature & snowboard.
