General digital environment  
fluency

**Certified wind blade repair technician**, sociologist and professional reflexologist, changing his profession to work in the field of wind power industry. Progressing with GWO/WIND courses and certificates completion. Ready for gaining and exchanging experiences for further development and keeping high industry standards.

Previous experience as cross-domains bonus: over 11 years of diverse experience in the field of massage and reflexology supported by specialized education and professional certificates. This type of therapy is very safe and naturally mobilizes the body for self-healing and homeostasis.

My years of experience as a therapist translate into a prioritized approach to safety and support for colleagues in wind turbine work. Developed empathy and effective communication skills enable me to collaborate efficiently within a team. Experience in independent work and a commitment to continuous development allow me to effectively manage assigned tasks.

## Experience

since 2016	Reflexologist at IMC-Integrative Medical Center in Żerniki Wrocławskie, specializing in foot reflexology
since 2014	Owner of foot reflexology practice
