Address: Rua engenheiro carlos alberto guerreiro nr 6 2drt peniche, 2520-193, peniche, Portugal (Home)

ABOUT ME

I am a professional certified in working at height, with recent training in wind blade repair and a strong motivation to work in the wind energy sector.

I'm looking for an opportunity to apply my technical knowledge and contribute to the efficient and safe maintenance of wind turbines.

I have some experience in working at height and in maintaining and repairing structures.

I'm looking for opportunities to apply and expand my skills in challenging environments

- Installation and Maintenance:
- Reading and Interpreting Diagrams;
- Safety at Work;
- Tests and Diagnostics;
- Reports and Documentation;

19/05/2024 – 20/09/2024 Lisboa, Portugal

INDUSTRIAL CLIMBER IM CLEANING

Cleaning at Height:

- Carried out cleaning of glass, facades and reservoirs at great heights, using abseiling techniques and personal protective equipment.

Painting and anti-corrosion treatment:

- Painted and applied anti-corrosion treatments to metal structures.
- Rigorous inspections of paints were also carried out, ensuring compliance, adhesion, and product durability. The curing time, homogeneity, and application on different surfaces were evaluated to guarantee the final quality of the painting. Matting was performed to remove the shine and prepare the surface for new paint or treatment.

Civil Construction:

- Worked on maintenance and repairs to building structures, such as building façades and roofs, using rope access techniques and following strict safety regulations.

- **Equipment inspections:**
- Inspection of rope access and safety equipment: Periodic and careful inspection of materials used for rope access, including safety systems, anchors, and personal protective equipment (PPE), ensuring that all devices comply with current standards and regulations.
 - Regular safety meetings with HSE and engineers were also held to assess risks and prevention measures.

01/10/2024 – CURRENT lisboa, Portugal
INDUSTRIAL CLIMBER ARAUJO E ARAUJO

- Performed repairs and maintenance on building facades, including inspections and restoration work.
- Ensured safety compliance and high-quality standards during all operations.
- Utilized IRATA Level 1 certification for effective rope access techniques.
- Supervised and supported colleagues on-site, ensuring compliance with IRATA safety standards and protocols.
