Subject: Application for the position of Field Technician in the Wind Sector

September 3, 2024

To the Human Resources department:

I am writing to express my interest in the position of Field Technician in the area of Wind Power Maintenance and Repair. I believe that my qualifications and experience make me an ideal candidate for this position.

I previously worked on a wind turbine blade quality assurance project for Aurora Cothec Group, where I inspected sensors and lightning protection systems (LPS). My role included removing, sanding and laminating materials on both the inside and outside of the blades. I was also responsible for applying resins and cutting layers of various sizes, always with a focus on precision and quality.

My motivation, proactivity and resilience are characteristics that I believe are fundamental for success in this role. I enjoy working in large, multidisciplinary teams, and I have the ability to build strong relationships, always seeking to meet the diverse needs of the company.

I am prepared to take on the role of Field Technician in the wind sector, bringing with me the experience of collaborating with high-level professionals and the ability to identify needs and solve problems to achieve established objectives.

I appreciate the opportunity to submit my application and I am available for an interview, where we can discuss in more detail how I can contribute to the success of your team.

Kind regards, Werike de Souza Castro (41) 99698-3503 werikecastro16@gmail.com

WERIKE DE SOUZA

Blade Repair | IRATA Level 1

EXPERIENCE

Company: AURORA COTECH GROUP - 2024

Position: Blade Repair Technician

Carrying out internal and external inspections of cable sensors, correcting inadequate positioning.

Replacing and repositioning sensors, with drilling and passing cables for testing in the power box on the blades.

Sanding to remove shine, fixing cables, applying putty and laminating.

Inspection and adjustment of LPS (Lightning Protection System) to ensure correct installation.

- **Company: WWC SOLUTIONS - 2022 - 2024**

- **Position: Managing Partner Labor Law**

General management of the company, with a focus on investments and growth. Leadership of teams on work fronts.

- **Company: MARIO BENATO CONSTRUCTION MATERIALS - 2017 - 2022**
