ABOUT ME

I am a level 01, 02 and 03 Blade Repair Technician from Brazil. I have taken the GWO courses in Wind Training Center, a certified and well known GWO institution in Brazil which included the full process of repairing a blade, from inspecting, damage identification, lay out, grinding, sanding, core replacement, vaccuum bag, post cure treatment, applying filler and painting, infusion techniques and computer reporting the complete process.

Plus I am Basic Safety Training and Advanced Rescue Training Certified and have an Evacuation and Self Rescue ·Blade Repair Access Plataform Training

I'm also a Level 01 IRATA Rope Access Technician looking for a job opportunity in the wind energy segment
