Relevant Experience

Boat Builder Technician - RNLI POOLE

October 2022 - Present

- Working throughout the production and repair of lifeboat
- Earlier stages of production, layup of hull and deck. Lamination of integral parts like bulkheads up to final fit out.
- Working on refit of Severn class lifeboats. Completing complex laminate repairs to surveyors drawings. Inspecting hulls for composite defects.
- Assisting with mech jobs when required
- Certified crane operator and Slinger/signaler. Assisting in lifts and movements of boats and large structures.

Boat Builder – Rustler Yachts

May 2022 - October 2022

- Sole deck fitter for all rustler boats during this time
- Work independently to fit out deck to tight time constraints
- Completing composite modification on boats to customers needs
- Working in the lamination and joinery teams when required

Composite Boat Builder – Cockwells modern and classic boatbuilding

June 2019 - May 2022

- Build boats in an efficient manner
- Assist in yard movements of large vessels
- Worked in many areas of composite boatbuilding. Wet layup in polyester and epoxy. Infusion in epoxy and vinylester. Gel repairs. Large composite repairs. Filling and fairing of boats and preparation for paint.

Stone Processor – Haysom Purbeck Stone

Beginning 2019

- Worked outside in all conditions producing stone products to a high standard or performing maintenance duties on a variety of machines.
- Adhered to a multitude of safety protocols in a high-risk environment.
- Worked 50-hour weeks at an extremely high pace in any weather conditions. This strengthened my determination and work ethic, I think this is one of my biggest assets.

Wind industry training

I am completing my GWO and blade repair in February 2024 certificates will include:

- GWO BST(5 modules)
- GWO Blade repair
- GWO Enhanced rescue training
- OGUK offshore medical and chester strap
- IRATA Level 1

I am happy to complete more certificates if it is required for the job. These are the courses I have researched and seem to be the most useful for the job, however if you have any advice on qualifications I would be happy to learn more.

Other Skills

Full UK driving licence
MS Office proficient
